

Alberta Adventure Divers

Aug. 22, 2015

Oh dear....summer is slipping away!

We have lots of dive adventures to look forward to:

Have You Hugged A

Scuba Diver Lately?

Dive weekend: Sept. 19 & 29th: We will be teaching a Rescue diver course, and setting up for the pumpkin dive. Let me know if you be able to join us!

Rescue course: Sept. 19 & 20:

This is one of the 'pinnacle' courses you will always remember. Rescue students gain skills to save themselves and other divers from a potentially dangerous situation.

The Rescue program encompasses rescue techniques such as prevention, readiness to respond, first aid, CPR & AED review, decompression injuries, underwater searches, and use of specialized equipment. This weekend of open water training scenarios has divers experience simulated "real life" situations that they could encounter in a real diving situation such as out of air divers, missing divers, a panic diver, diver with a pressure related injury, diver requiring immediate first aid, unconscious diver and many other scenarios.

This course is a must for anyone who is an avid diver. This includes the diver who travels on dive vacations and is likely to experience a diver who's received improper training or a diver who has NOT kept up their diving skills, equipment or knowledge.

Divers need to be certified Advanced Open Water, and have First Aid/CPR.

Course Cost is \$310 (plus elearning) and includes PADI Rescue Diver crewpak. If you're interested in this course sign up for the e-learning for Rescue, and start your journey to safer diving today.

Many call this their most memorable PADI course, and if you've got the Advanced Open Water Program under your belt, this is your next step towards your PADI Master Scuba Diver Rating.

Mexico holiday: Nov 5-12: Oh the great time we all had last year – diving at all levels -- completing open water certified to full cave dives -- and a resort where non divers have a great time. We are returning to one of our favourite places – Puerto Aventuras, Mexico.

See the attached poster for details, and email if you are interested in joining us. We had a fantastic time last Nov with the best dive buddies ever! Puerto is a marina and fishing village. It is about one hour south of Cancun, and the location on the Riviera Maya is perfect for excursions to the area's best sights and activities along the Caribbean coastline, including cenotes for swimming and snorkeling. It's also just a stone's throw away from the popular eco-adventure parks of X'caret, Xplor and Xel-Ha for all day entertainment, water sports and fun. The resort

itself is a great place to holiday! This holiday is very suitable for divers with non-diving family members who want to holiday.

Pumpkin Dive: Oct 3rd: Divers, start working on your design! Remember last year's amazing cake? Please pass this around to all your dive buddies. We love to have a very well attended event, and it is a nice way to wrap up our Alberta and Sask. dive season.
