

Alberta Adventure Divers June 14, 2021

Zombie Dive event – sneak peek at preparations
Sign up for Sat. June 19, 2021
Dive Night, plus new 'Project night' plans
Scuba course: Equipment Specialist June 23, by Zoom

Adventure

one tank at a time

Clear Lake report: Like magic, the visibility has improved to 20 to 30 feet!

Certified diver fun events! This is a call for us prairie divers to stay active and keep up our dive skills. Join us for our Tues. dive nights, as well as weekend special events and courses. For diving around the province, check out events hosted by the AUC: Alberta Underwater Council, and Battlefords Scuba Community on Facebook.

Zombie Apocalypse Diver Course: Divers of all levels are welcome on Sat. June 19. Preparation is well underway for this fun course which reinforces dive skills with a zombie theme. Zombie costumes are optional – on the surface and underwater.

Pre-register for the zombie course at the dive store. We are coordinating dive teams and resources!!

These pictures hint at the organization and preparation for this course.

I expect non-divers on the beach will be curious!

We will have a sign up inviting non-diving passerbyers to 'dare' to take a selfie with a diver. If you are not comfortable with this, just wave them off.

Dive night: Tues. evening diving is a Clear Lake tradition. Divers gather to practice skills, dive for fun, socialize, and complete dive courses. Pre-registration is not needed, unless you require equipment rental or cylinders. We bring the dive trailer with any equipment requested to the lake. Our summer is short, take full advantage of this opportunity.

‘New’ Project night: We have been brainstorming about updating items in the course and moving some items around to create better flow. We find there is no time for this on our Tues. dives. We are formulating plans to start a ‘project night’. This will be a non-instructional time, focused on targeted projects. David has a few ideas on this, and is planning an initial ‘zoom’ meeting in a week or so to flesh out details. If you are interested in being part of this, let David and Dan know. They will schedule a zoom meeting for after a busy time of: zombie, equipment specialist and self-reliant diver courses.

PADI Equipment Specialist course: Wed. June 23, starting at 7 pm – see poster.

If you have made your investment in scuba equipment, or are thinking about it:

- Learn to manage basic scuba diving equipment repairs and adjustments. Understand routine care and maintenance procedures and how dive gear works.
- Don't miss a dive due to minor issues with your scuba diving equipment.
- Tips & tricks from the pro's on extending the life of your equipment, and avoiding costly repairs.
- Price includes PADI e-learning – no knowledge reviews or exam for this course!

We look forward to seeing you at one or all of these events!
