

Women's Dive Day

July 15, 2023

Welcome divers:
women and men!

Let's bond over a love of the water and a passion for diving.
We'll strengthen and support the dive community during
a day of fun, adventure, and camaraderie.

Alberta Adventure Diver's WDD event has become known as a true dive event, with education, skill development and fun as key elements. Our event is not a 'girly-girl' event of romance and make-up. Rather it's a time for women and men to enhance our dive information and skills, with women being pampered by guys – they bbq lunch, carry tanks, etc.

10:00 Registration

Event releases & buddy teams established
Set scuba units up on the dock
