

## Alberta Adventure Divers July 29, 2021

August dive plans:  
Our dive season is 'hot'—just like the weather!  
Woman's Dive Day; Aug lesson dates  
Tobomory diving; Divescapes

**Sun. Aug. 1, long weekend dive:** Look at the glorious weather forecast! It's going to be hot - we'll have the trailer at Clear Lake on Sunday at 10 am for some refreshing, fun dives. Come out for a dive.

**Sat. Aug 7: Woman's Dive day:** We're planning the most interesting 'dive against debris' event. We meet at the beach, get a boat ride to a new location and dive looking for multiple reported lost anchors. Of course we pick up any other debris. Women and men are both welcome to search, drive a boat, weigh debris, etc. All divers receive a Dive Against Debris PADI certification card. Cost: \$55, see attached for details.

**Sat/Sun Aug 14, 15 and Sat/Sun Aug 28, 29:** These two weekends are for dive instruction. Any divers wishing to complete courses, including Open Water, Advanced and specialty courses make arrangements with Dan at the dive store. We'll have a compliment of pro-staff present to help.

**Every Tues. pm:** Dive night! David and I are happy to teach, or dive for fun.

**Sept 18/19:** Rescue Diver course: we strongly feel that all divers should have the PADI Rescue course. It's an excellent course, we love to teach it.

**Sept 25:** Pumpkin Dive: this is a fantastic and fun way to wind up the dive season. We'll dive randomly in Oct, however the ice returns in early Nov.

**Congratulations:** to all newly certified divers. Certification cards have started arriving in the dive store - we'll let you know when yours is here.

**Clear Lake report:** The visibility is from 5 to 20 feet. The water has warmed up nicely, especially shallower. I can neither confirm nor deny that artifacts are being added and moved on the course – you'll have to check it out for yourself!

**Tobomory teaser:** We enjoyed four days of diving in Ontario. The best part was diving with Ashley for two days, on a stop over to her new posting in Happy Valley, Goose Bay.

Once we go through the pictures and organize them, we'll have a movie night – the first one in forever!

**Diving in multiple lakes: Clean – Drain - Dry.** We thoroughly cleaned our dive gear after diving in Ontario! We don't want to bring zebra mussels to Alberta.

**See you at the lake!**

**Divescapes 2022!** Connie and David are registered and looking forward to another amazing Divescapes scuba conference:

### **A message from AUC:**

What strange times it has certainly been but maybe there's a light at the end of the tunnel coming soon. The Alberta Underwater Council appreciates your patience and support as we all dive thru these trouble waters.

To keep you up to date with all the changes for Divescapes Scuba Conference – we've had to postpone twice but now are confident that the Alberta Underwater Council can present Divescapes 2022 in Edmonton on October 28, 29<sup>th</sup>, 2022 at the River Cree Resort and Casino. Hopefully travel for everyone will have fully resumed.

**KEYNOTE:** Jill Heinerth has graciously still committed to be our Keynote Speaker in 2022. Additional presenters, exhibitors, sponsors, prizes to be announced soon!

Questions or concerns, please don't hesitate to contact me during regular business hours.

Sincerely,  
Cathie McCuaig,  
Executive Director,
